

Please let me comment on how vital KLOVE has been for my family and me over the last several years. We enjoy listening to its positive message and music. Unlike most stations, even talk shows, I know I can trust KLOVE to keep the subjects appropriate for my children. I honestly don't think that I would listen to the radio if KLOVE wasn't available, and I know many of my friends and neighbors feel the same. Please keep KLOVE on the air. Thanks for your time.
